Agenda:

- Pre-Orientation Program
 - New Name: MOSAIC Pre-Orientation Program (**M**ulticultural **O**rientation **S**eries for **A**rtists **I**n **C**ollege) We were looking for funding for a possible name but that did not pan out. This name was chosen for since it will be a full year experience, not just this 3-day long program.
 - Jesse presented the schedule for 2023. The program is now 2 days. The programming was curated to be different from what happens during orientation. The schedule will also allow students more time to explore University Circle and campus.
- End of the year formal for multicultural students
 - Jesse brought up that it was important to start thinking through dates and some details about this event so we can start thinking about budget for next year.
 - The dates that originally were floated around were April 12 and April 19. The goal is to do this before Spring Show and BFA's since that is when our students are the busiest.
- Crisis Communication Policy and Meeting
 - Mike and other cabinet members met with Hennes Communication. They are the PR firm we hire on retainer for crisis communication and crisis planning They gave us some advice on our policy. They thought overall we are moving in the right direction.
- BSA Exhibition 2024
 - BSA and the gallery are still communicating about finding time and space for the show. Looking to try and connect it to SIE if possible to get more people to attend the opening. More updates to come at the next meeting.
- Bias Reporting Form
 - The form is pretty much good to go. The Title IX is launched and this form should be ready to go by this Fall. We are going to work on communication to the community that will show them where the form is and how to use it.
